Milan,

Just a quick note on our purchase of our Falcon 50 N177MJ. I felt compelled to let you know what a pleasure it has been to work with you on our purchase of this exceptional aircraft. We have purchased numerous Aircraft in the past and it has always been a cat and mouse game, The seller hides what he thinks we won't catch and we dig for what he's hiding. Working with you has been a real breath of fresh air. You went far and beyond what's expected of a seller. Your attention to detail, honesty and helpfulness is second to none. The Transfer of MSP (the negotiation of a lower MSP rate!), The Transfer of CASP, The Closing, were the smoothest we had yet to experience. During the pre buy any discrepancies were addressed completely and without negotiation.

I think one of the most outstanding aspects of this purchase has been the support and helpfulness AFTER the closing. If I had a question or needed to find a document in the many logbooks that went with the aircraft, you knew the answer or exactly where to find the elusive document. The logbook organization and categorization is the best I have ever seen and our mechanics agree.

We look forward to purchasing our next aircraft from you in the future!

Sincerely,

Dean Carrara
