To Whom It May Concern:

I would like to recommend anyone looking for an aircraft to consider Milan Rakic with Aviation Resource Group. Milan always answered my calls and emails immediately with any questions or concerns I may have had. After explaining my tastes, he worked diligently to find me the perfect Gulfstream and exceeded my expectations. I was particularly impressed when it came to the pre-buy and closing. Milan flew in and stayed a few days to make sure everything went smoothly at the beginning of the pre-buy and at the closing. It was a pleasure to work with Milan and I look forward to working with him again in the future.

Sincerely,
